THE GIRLS OF IPANEMA

We took an informal poll among readers and *Playboy* editors, asking the question: What is the most exotic place on earth? The most oft declared nation: Brazil, which is no surprise. Utter those two syllables—Brazil!—and instantly you've conjured images of **SPECTACULAR WOMEN**, wild samba dancing, white sand beaches, a nation of beautiful people free from the sexual conservatism that is heaped so heavily on the Western world. What's the word that rushes to your lips at the mention of Brazilian? Some readers are thinking wax, which is great. We were thinking bombshell. Herewith, we present an entire magazine full of **NUDE BRAZILIAN BOMBSHELLS** in this one-of-a-kind Playboy special collector's edition. Some things you probably know about this country: They speak Portuguese, they're crazy for soccer, and the nation is sizable. It's the fifth-largest country in the world. As for the people, **BRAZIL IS A FUSION OF PORTUGUESE, AFRICAN AND AMERINDIAN CULTURES.** It's that fusion that makes the women unique and passionate. When you go to Brazilian Carnival—a trip that should be at the top of every man's bucket list—you will see that passion on display, near-naked women with their bodies painted, dancing for hours on end as if possessed by their own libidos. Consider this magazine to be your **TICKET TO A PERSONAL CARNIVAL**, a little more intimate than the one in Rio—but no less indulgent.
